Subject: Re: one comment to MosquitoMate label

Hi all,

I have no substantive comments to the draft label. One minor point regarding the 'weird' environmental hazard statement:

The text is 'boilerplate' and required on all pesticide labels where there is exposure to aquatic habitats. Unless the Label Review Committee, or the Handbook has been changed, the text must be consistent with all the pesticide labeling. (I would leave science out of this).

Thanks for the opportunity to comment.

gail

Subject: Discuss MosquitoMate label

When: Monday, December 05, 2016 11:30 AM-12:00 PM (UTC-05:00) Eastern Time (US & Canada).

Where: DCRoomPYS8771/Potomac-Yard-One

Hello,

We received the proposed label from MosquitoMate (see attached). I would like to schedule this meeting to see if there are any immediate red flags raised by the current version of the label that could already be addressed with the company. Bob Rose thinks he might be able to send us a user manual early next week. I also have two other points I would like to discuss that are not directly tied to the label.

Call-in number for those working from home:

Ex. 6 Personal Privacy (PP)

Have a great weekend,

Wiebke
